Actuarial Programs At Symetra

Internship Program

➤ There’s no better way to see if being a Symetra actuary is a good fit for you than to participate in our internship program.

We look for candidates who:

➤ Graduated or soon to graduate with a background in actuarial science, math, data science, or computer science.

Career Program

➤ Symetra’s goal is to develop highly-skilled, professional actuaries who perform in leading roles requiring both analytical ability and wide-ranging insurance knowledge.

Program Highlights

➤ Employees are given 30 paid study hours to help prepare them for each hour of examination

➤ Employees are given paid time off for attending exams

➤ Symetra reimburses employees for exam fees, study materials, and exam preparation seminars

➤ Employees are rewarded for successful completion of certain designations with a salary increase!
Data Analytics Programs At Symetra

Internship Program

➢ This is a great way to explore data analytics at Symetra and learn valuable skills!

We look for candidates who:
