Program Description

The Master of Science in Information Technology and Management is a STEM-designed degree program that teaches business fundamentals, information technology foundations, and a wide variety of related concepts and skills, with possibilities such as:

- Object Oriented Programming
- Data Management
- Systems Analysis
- Financial Management
- Project Management
- Operations Management
- Business Economics
- Innovation and Entrepreneurship
- Statistics and Data Analysis
- Business Economics
- Operations Management
- Innovation and Entrepreneurship

The program's core curriculum, plus the many opportunities to take electives in specialized subfields, ensures that students develop an in-depth knowledge of information technology and management and master the skills they need to succeed in a wide variety of jobs.

Taught by top-tier faculty, of whom many have industry experience, the program offers a comprehensive curriculum and courses that are offered during both daytime and evening hours, allowing students to blend on-campus and online course formats in order to satisfy degree requirements.

Ideal for both full-time students and working professionals, the Information Technology and Management master’s program will prepare students for careers in information technology, business intelligence and analytics, enterprise systems, cybersecurity management, information technology consulting and services, and many others.

Benefits

The Information Technology and Management master’s program ensures that students gain a broad understanding of their discipline, apply their knowledge and analytical skills to create effective and novel solutions to practical problems and communicate and work effectively in collaborative environments.

Other benefits include:

- **World-Class Faculty:** The program is led by faculty of the Naveen Jindal School of Management who are widely cited experts in their respective fields, many of whom also have professional industry experience.

- **Comprehensive Curriculum:** Courses in the master’s program will introduce students to new ideas, technologies, and competencies while also teaching them the skills they’ll need to thrive in competitive, ever-changing industries.

- **Program Flexibility:** The Information Technology and Management program offers a choice of tracks and numerous electives. Courses are taught both in-person and online, and full- and part-time options are available.

- **Cutting-Edge Skills:** Students in the program master in-demand skills in information technology, systems analysis, and data and project management while developing expertise in a wide range of subfields and related topics.

- **Facilities:** The School of Management building and Jindal School Addition provide students with more than 300,000 square feet of classroom, computer labs and study areas including specialized labs for financial trading, business communications, accounting and sales.
Location: Situated in the greater Dallas region—recently rated by Forbes magazine as the #1 “Best City for Jobs”—UT Dallas provides students with easy access to employers and internship opportunities, not to mention a large and supportive alumni population.

Career Opportunities
Graduates of the Information Technology and Management master’s program have gone on to pursue professional careers in a wide variety of fields. With starting salaries averaging $83,000, recent graduates have found jobs such as:

• Information Technology Manager
• Information Systems Analyst
• Data Analyst
• Data Engineer
• Data Scientist

• Business Intelligence Analyst
• Business Analyst
• Cloud Support
• Financial Analyst

Marketable Skills
Upon successful completion of the MS in Information Technology and Management degree program, UT Dallas students will identify, formulate, apply, and conduct or implement the following skills:

• Analyze and design Information Technology (IT) solutions to improve organizational operations.
• Develop and create Information Technology (IT) solutions to improve organizational operations.
• Manage people and processes in the design, delivery and use of Information Technology (IT) solutions.

Application Deadlines and Requirements
Please take note of all application deadlines and visit the Apply Now webpage to begin the application process. See the Information Technology and Management program’s website for additional information.

Applicants to the Information Technology and Management master’s program should have:

• A bachelor’s degree from an institution in the United States, or its equivalent (all majors are considered).
• A grade point average (GPA) of at least 3.0 in both core and aggregate courses.
• Test Scores: Competitive GMAT performance based on a score that is less than five years old. GRE scores are also accepted.
• Letters of Recommendation: Applicants must submit at least one letter of recommendation from an individual able to judge the candidate’s potential for success in the master’s degree program. The letter can be academic or professional.
• Admissions Essay: Applicants must submit an essay outlining their academic interests and professional goals.
• A resume.
• International applicants must submit a TOEFL score of at least 80 on the internet-based test. Scores must be less than two years old. See the Graduate Catalog for additional information regarding English proficiency requirements for international applicants.
The University of Texas at Dallas Naveen Jindal School of Management (JSOM) is the largest of UT Dallas’ eight schools, with an enrollment of about 9,000 with almost half who are graduate students. The school provides outstanding tuition value, a wide variety of classes on campus and online, flexible scheduling and a convenient location. The Jindal School of Management keeps abreast of business needs as an essential component in providing students with rigorous training and relevant skills for professional success. Programs are offered at the undergraduate, MBA, master’s, PhD and executive levels. Programs are organized around six broad topics of business specialization:

- Accounting
- Finance and Managerial Economics
- Information Systems
- Marketing
- Operations Management
- Organizations, Strategy and International Management

A broad array of internship and scholarship opportunities is made available to Jindal School students each academic year. The school operates its own Career Management Center, which students may use in addition to the campus-wide UT Dallas Career Center. More than 70 student organizations are based in the school. Most of these focus on career development in specific fields and build networking, internship and employment opportunities. U.S. News & World Report (2021) ranks the school’s Full-Time MBA program at No. 33 (tied) in the nation and tied for No. 12 (tied) among public university programs in the United States. In the same ranking, the publication places the Professional (Part-Time) MBA at No. 19 (tied) in the nation. jindal.utdallas.edu

Faculty
The Jindal School offers a variety of degree options at the undergraduate, graduate, master’s and PhD levels. The school’s relevant, rigorous curriculums were developed by exemplary teachers and leading researchers. The outstanding faculty members bring a wealth of intellectual capital, and they often come because UT Dallas enthusiastically encourages and supports scholarly inquiry and innovative teaching. New discoveries, along with faculty members’ expertise, inform the academic programs at every level.

Location
The Jindal School benefits from its location in the Dallas-Fort Worth area, a center of industry and trade that places a high value on ingenuity and entrepreneurship. Foreign Policy magazine named Dallas one of only five U.S. cities in the top 25 in its projection of the “most dynamic cities in the world in 2025.”
