Program Description

The Master of Science in International Management Studies degree program equips students with advanced knowledge and training in international management and trains them to:

- Manage business operations in both domestic and international settings.
- Analyze functional areas of domestic and international management.
- Develop in-depth knowledge and experience related to the challenges and opportunities that affect international business decisions.

With an emphasis on the functional areas of management, international business management, and the cultural, sociopolitical and geographical constraints that impact business decisions, the master’s program teaches students the skills they’ll need to thrive in international corporate, industrial and governmental careers.

Designed by world-class faculty, the International Management Studies curriculum provides opportunities for students to immerse themselves in a variety of specializations:

- Finance
- Human Resources/Organizational Behavior
- Information Management Technology
- Innovation and Entrepreneurship
- Marketing
- Supply Chain Management

Benefits

The International Management Studies master’s program ensures that students gain a broad understanding of their discipline, apply their knowledge and analytical skills to create effective and novel solutions to practical problems and communicate and work effectively in collaborative environments.

Other benefits include:

- **World-Class Faculty**: The program is led by faculty of the Naveen Jindal School of Management who are widely cited experts in their respective fields, many of whom also have professional industry experience.
- **Comprehensive Curriculum**: Courses in the International Management Studies master’s program will introduce students to new ideas, methodologies, and competencies while also introducing them to new skillsets and experiences.
- **Specialized Concentrations and Degree Opportunities**: Students have the opportunity to choose from numerous concentrations based on their particular interests and career aspirations.
- **Double Degree Pathways**: The double degree option allows students to share coursework between two degrees and take advantage of potential time and tuition benefits.
- **Facilities**: The School of Management building and Jindal School Addition provide students with more than 300,000 square feet of classroom, computer labs and study areas including specialized labs for financial trading, business communications, accounting and sales.
- **Location**: Situated in the greater Dallas region—recently rated by *Forbes* magazine as the #1 “Best City for Jobs”—UT Dallas provides students with easy access to employers and internship opportunities, not to mention a large and supportive alumni population.
